▪ **Furnishing Documents**

An applicant is entitled to copies of information we have in our possession, custody or power. We are required to furnish only one copy of a document. SECTION 7 (1) (A) (IV)**Documents available by way of subscription**

There are no documents available by subscription at this time.

SECTION 7 (1) (A) (V)**Procedure to be followed when accessing documents from the Naparima Bowl.****How to request information****▪ General Procedure**

The Naparima Bowl's policy is to answer all requests, both oral and written, for information. However, in order to have the rights given to you by the FOIA (for example the right to challenge a decision if your request for official documents is refused), **you must make your request in writing**. The applicant must therefore, complete the appropriate form (Request for Access to Official Documents which is available from the Designated Officer of the Naparima Bowl or at the website www.foia.gov.tt) for public information that is not readily available to the public.

Addressing Requests

To facilitate prompt handling of your request, please address it to the Designated Officer at Naparima Bowl. (See Section 7 (1) (a) (vi) for further details).

Details for requests

Applicants should provide sufficient details that will allow for ready identification and location of records that are being requested. If insufficient information is provided, clarification would be sought from the applicant. If an applicant is unclear of how to write a request or the relevant details required to be filled in, do communicate with the Designated Officer.

Requests not handled under the FOIA

A request under the FOIA would not be processed if it seeks information which is readily available to the public either from Naparima Bowl, from another public authority or is readily available in the public domain, for example in brochures, pamphlets, reports, etc.

▪ Responding to your Request**Retrieving Documents**

The Naparima Bowl is required to furnish copies of documents only when they are in its possession or they could be retrieved from our storage. Information stored in the National Archives or another storage centre, will be retrieved in order to process your request.

PUBLIC STATEMENT OF THE NAPARIMA BOWL FOR THE YEAR 2024—CONTINUED

Note

Prior to the commencement of the Freedom of Information Act, 1999, old records may have been destroyed. The granting of a request for such documents may therefore be impossible. Various laws, regulations, and manuals give the time periods for keeping records before they may be destroyed e.g. the *Exchequer and Audit Act Chapter 69:01*.

Furnishing documents

An applicant is entitled to copies of information in our possession, custody or power. We are required to furnish one copy of a document. If we cannot make a legible copy of a document to be released, we may not attempt to reconstruct it. Instead, we will furnish the best copy possible and note the quality in our reply.

Please note that the Naparima Bowl is not compelled to do the following:

- Create new documents (for e.g. we are not required to write a new programme so that a computer will print information in the format you prefer); and
- Perform research for the applicant.

Time Limits

We will determine whether to grant your request for access to information as soon as practicable but no later than thirty (30) days as required by Section 15 of the FOIA. Applicants whose requests are incomplete or unclear will be promptly informed of same by the Designated Officer who will make arrangements to consult with the applicant to clarify the request. The time limit of thirty (30) days will be suspended while consultation with the applicant is being undertaken, and resumes on the day the applicant confirms or alters the request.

Every effort will be made by the Naparima Bowl to comply with the timeframe set out in the FOIA, but where the processing of a request may unavoidably take longer than the statutory limit, the Naparima Bowl will duly advise the applicant by letter and ask for an additional period of time within which to provide the information. If a decision is taken to grant access to the information requested, you will be permitted to inspect the documents and/or be provided with copies. Applicants whose requests for documents are refused, will be notified by the Designated Officer in writing of the reasons for refusal. The Designated Officer of the Naparima Bowl will consult with the applicant about alternative recourses that are open to him/her.

ABRIDGED FINANCIAL STATEMENTS

30 September 2025

(Expressed in Trinidad and Tobago Dollars)

Chairman's Report

For the year ended 30 September 2025

Dear Stakeholders,

I am pleased to present the Chairman's Report for Massy Finance GFC Limited ("MFGFC") for the financial year ended 30 September 2025.

FY2025 was a year of consolidation and disciplined transition for MFGFC. The Board's focus throughout the year was on safeguarding the institution's financial strength, addressing legacy risk exposures, and investing selectively in the operational, leadership and governance foundations required to position the Company for sustainable, long-term growth. These priorities reflect our responsibility as a regulated finance company and a trusted custodian of depositor funds, as well as our role within the wider Massy Group.

MACROECONOMIC ENVIRONMENT

In assessing MFGFC's performance, it is important to consider the broader economic conditions in which we operated. The Trinidad and Tobago economy experienced modest headwinds during the year, including periods of contraction in early 2025 and mixed growth signals across key sectors, reflecting both global uncertainty and domestic pressures.

The Central Bank of Trinidad and Tobago maintained the repo rate at 3.50% throughout the year, balancing support for economic activity against the need for financial system stability. These conditions influenced credit demand and risk dynamics across the sector, reinforcing the importance of prudent underwriting, strong capital buffers, and disciplined liquidity management. The regulatory environment remained stable, providing a sound framework for continued financial sector resilience.

PERFORMANCE OVERVIEW

At year end, total assets stood at \$998 million, reflecting the continued stability and quality of our lending and investment portfolios. Instalment credit and other loans increased to \$592 million, demonstrating sustained demand for MFGFC's financing solutions and confirming the Company's continued relevance within the domestic financial services market.

Profit before tax for the year was \$1.71 million. This outcome reflects a conscious and Board-supported decision to adopt a more conservative stance on aged legacy credit exposures, alongside targeted investment in strengthening the Company's operational and leadership capabilities.

Importantly, MFGFC closed the year with a capital adequacy ratio of 19.05%, well above the regulatory minimum of 10%. This strong capital position underscores the Company's resilience and its ability to safeguard depositor interests.

SUPPORT FROM THE MASSY GROUP

A defining feature of FY2025 was the continued and unequivocal support of the Massy Group.

An important element of this stability is MFGFC's close relationship with Massy Motors Trinidad, the country's leading new vehicle retailer. This relationship provides MFGFC with access to a consistent flow of well-underwritten, asset-backed lending opportunities, improving predictability and reducing portfolio volatility.

UPCOMING DIGITAL AND OPERATIONAL INVESTMENTS

Looking ahead, the Board has endorsed a multi-period resource strengthening program that includes planned financial levers in FY2026 and FY2027. These are intended to accelerate strategic investments in technology and operational capabilities.

A significant portion of the investments will be directed toward the modernization of our core banking platform and the digital interface with our customers and will:

- Improve end-to-end customer experience
- Reduce manual processes and operational risk
- Enable scalable, digitally driven loan origination
- Position MFGFC to compete effectively in a rapidly evolving financial services landscape

CONFIDENCE IN OUR STRENGTH AND FUTURE ASPIRATIONS

Our aspiration is to build a strong, well-capitalized finance company that supports our customers' financial goals through simple, reliable solutions and a trusted, easy-to-use customer experience—enabled by digital capability and the thoughtful use of data and Artificial Intelligence—underpinned by strong governance and the strength of the Massy Group.

ACKNOWLEDGEMENTS

On behalf of the MFGFC Board of Directors, I extend my sincere appreciation to the management team and employees of MFGFC for their continued commitment during this phase of disciplined transformation. I also thank the leadership of the Massy Group for their steadfast support and partnership.

Thank you for your trust. As we move into a new phase of growth, we remain deeply committed to safeguarding your interests and delivering excellence in service.
